19th of April 2010

Being the chairman of «SAMIRA» company – leader in sales of carpets in Ukraine - I have known Mr. Daniel Looffen for many years as an experienced businessman especially in retail and wholesale business on Ukrainian market.

Without doubt Mr. Daniel Looffen has created a strong reputation being a highly experienced consultant in the field of market research/distribution or finding the right sales agents for your company.

Taking in consideration that Ukrainian market is in full development and will also host EURO 2012 football championship in 4 major Ukrainian cities Mr Looffen would be the right person to assist you and your company to be successful in Ukraine.

Sincerely,

Yaroslav Hartsula
